## Agreement for CPD Clients

From time to time I have special rates available for clients who agree to be available for my **Continuing Professional Development (CPD)** purposes.

Thank you for agreeing to be a **CPD** Client.

By accepting this rate you agree to:

- a minimum of 6 sessions at this rate each session to be paid for at least 48 hours in advance, first 6 sessions to be taken within 3 months of start date
- certify the number of sessions and the dates held
- occasional monitoring of sessions by another Coach for quality or assessment purposes. (It is my performance as a Coach that is being monitored and the Assessor is not interested in the Client-content of the session.) This may take the form of the Assessor observing or listening as appropriate to sessions or recordings thereof. You will be supplied with a copy of any such recording sent to an Assessor. You will always be informed at the start of a session if monitoring of any sort is about to take place and have the right to decline.
- have sessions written up as case studies (identifying personal details will not be included on any such write-ups)
- be open to try new tools and methods which I may not have used with Clients previously
- provide detailed feedback after every 6 sessions and at the end of our coaching relationship and to allow any suitable comments therein to be used as a testimonial for my coaching business purposes

**Confidentiality:** Confidentiality is always maintained as allowed under English Law (or other relevant Laws which may apply for Clients outside the UK). Assessors will also respect that. Please note that under English Law disclosure regarding potential acts of terrorism perceived serious harm to self or others or child protection issues is required.
